REMARKS <b>RETURN TO CIA LIBRARY</b>	

Grading and clearing work was still under way at the Wittstock (N 54/U 11) airfield. Four trucks loaded with sand and cement arrived every day. The field was apparently to be expanded to the east. It could not be seen whether a runway was to be constructed.

25X1 Comment:

25X1 a. Construction work at the field was confirmed                       
25X1                      No data, however, have been received on the size of  
25X1 the construction work. According to another source, excavation work is to be done on the northern edge of the field. A concrete runway is also allegedly to be built.

b. The field is not occupied by an air unit.
